OUR MISSION

NEW HOMES

WITH A REAL DIFFERENCE

Since 2016, Legal & General Homes has exceeded customer expectations at every step of the house buying journey. We aim to deliver a level of build quality, comfort and customer service that many believe is compromised in a new property. From the design and space planning, to the selection of materials and the level of eco-efficiency, a Legal & General home is well thought-out to suit people at different life stages.

Our approach places the creation of real communities at the heart of our developments, and we are the first housebuilder to embed this principle in the places we build.

Legal & General Homes operates alongside our sister company, CALA Homes, both part of Legal & General. We share the same exceptional Customer Service and Management teams, who aim to provide you with the very best standards throughout your journey.

Set in over 250 acres of public open space with two new primary school and communal amenities at its heart, Nobel Park in Didcot aims to bring positive benefits that ripple out beyond the development and to its wider surroundings. Legal & General Homes' ethos is to build an organisation with a reputation based on trust, transparency and dependability; values which will be built into the very foundations of Nobel Park.

Joined up thinking that brings people together

Beautifully connected in every way, Nobel Park has been designed to ensure that residents live close to the network of paths and cycleways that provide safe access across the whole development - from home to the proposed primary schools, shops, community centre, allotments and the playing fields. These facilities were also designed to bring a new dimension to the wider town too, benefitting all of Didcot's existing residents.

Nobel Park not only brings greenery to your front door with homes that front on to leafy green corridors, but every home is within walkable distance to a series of green open spaces, each with their own distinct character. Features such as woodland, copse, hedgerows and watercourses have been woven into this new community, while natural habitats are enriched and wildlife corridors enhanced. Everyone who lives or visits Nobel Park will find it a truly special place - engaging, inviting and inspiring.

DISTINCTIVELY APPEALING in every aspect

Nobel Park, Didcot is a brand new setting where you'll find a place that combines the finest traditions of its surroundings with a mix of traditional and contemporary design aesthetic – and a location that doesn't compromise on convenience or connectivity.

Using a palette of colours and materials from red brick to cream renders that respects the local architecture, your home at Nobel Park is finished with detailing and a richness of design rarely found in new homes today. Set within a series of diverse and varied character areas, inside each home you will find carefully planned space, modern eco-efficiency, a high level of specification and comfort. Offering a wide choice of apartments and houses from one to five bedrooms, there's a home in this new sustainable community for everyone, from first time buyers, families and downsizers alike. Welcome to Nobel Park.

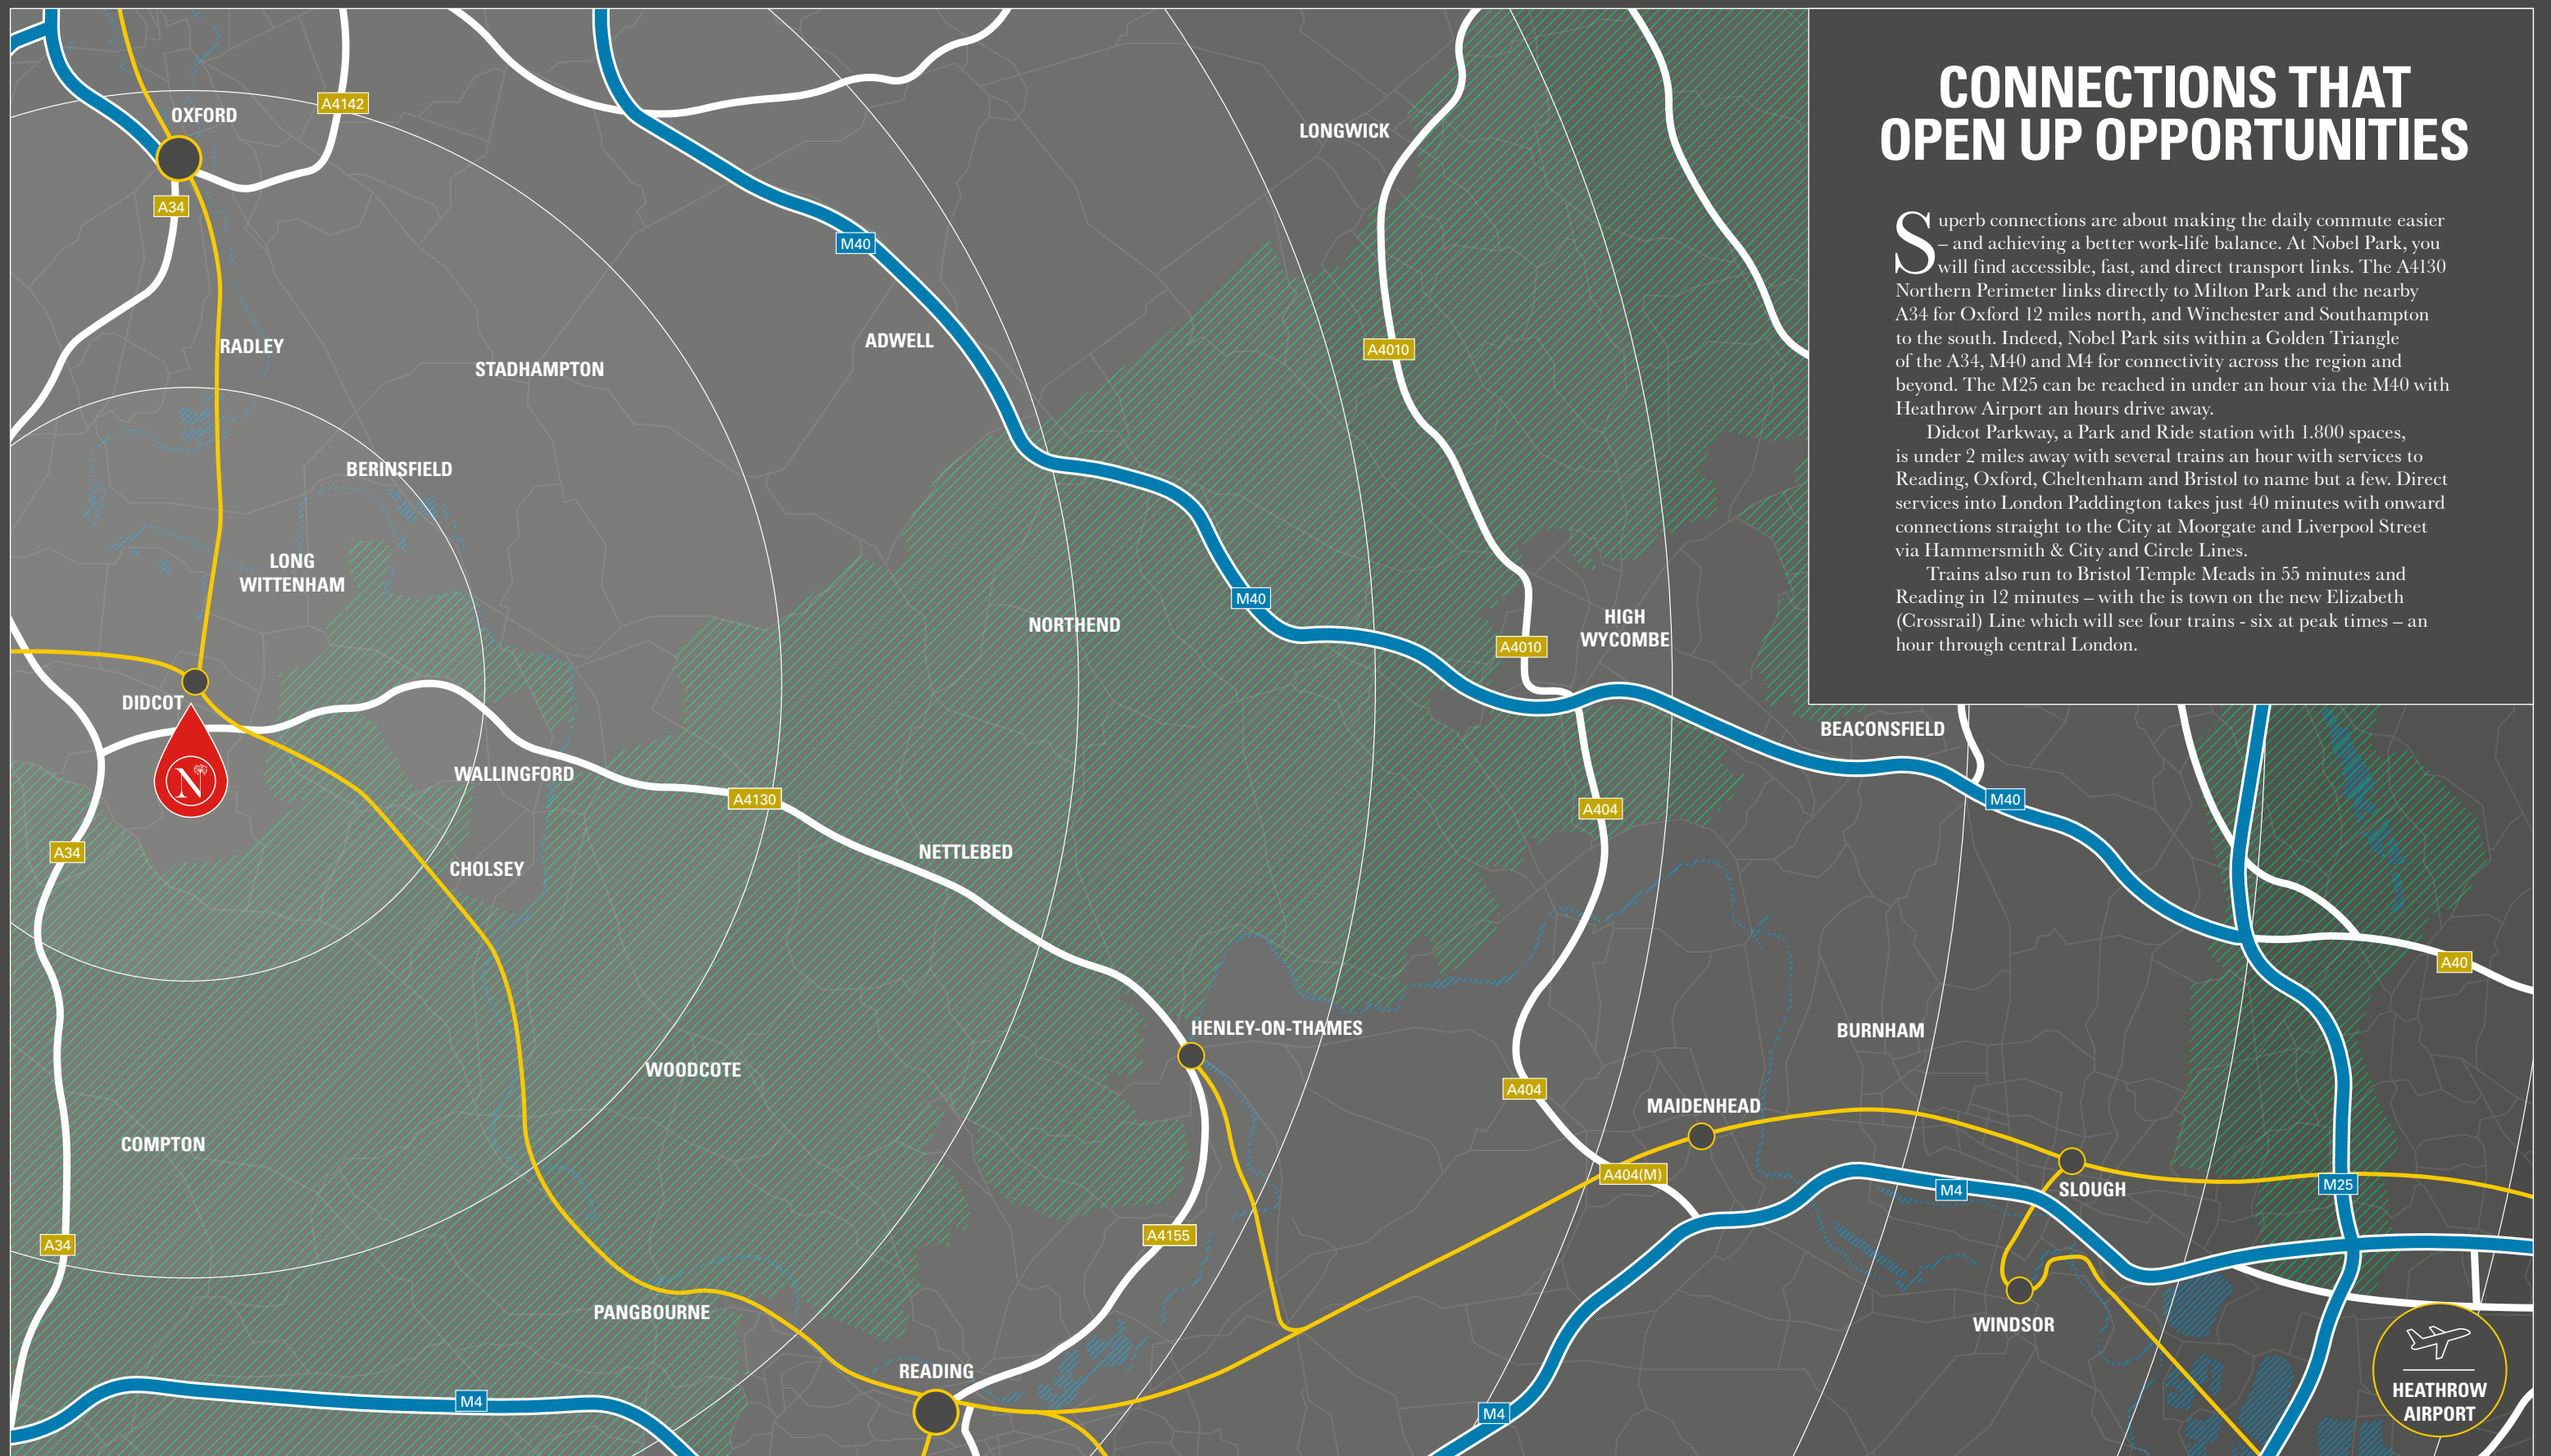

CONNECTIONS THAT OPEN UP OPPORTUNITIES

Superb connections are about making the daily commute easier – and achieving a better work-life balance. At Nobel Park, you will find accessible, fast, and direct transport links. The A4130 Northern Perimeter links directly to Milton Park and the nearby A34 for Oxford 12 miles north, and Winchester and Southampton to the south. Indeed, Nobel Park sits within a Golden Triangle of the A34, M40 and M4 for connectivity across the region and beyond. The M25 can be reached in under an hour via the M40 with Heathrow Airport an hours drive away.

Didcot Parkway, a Park and Ride station with 1,800 spaces, is under 2 miles away with several trains an hour with services to Reading, Oxford, Cheltenham and Bristol to name but a few. Direct services into London Paddington takes just 40 minutes with onward connections straight to the City at Moorgate and Liverpool Street via Hammersmith & City and Circle Lines.

Trains also run to Bristol Temple Meads in 55 minutes and Reading in 12 minutes – with the town on the new Elizabeth (Crossrail) Line which will see four trains - six at peak times – an hour through central London.

^Subject to build stage

Photography shows previous Legal & General Homes interiors.

PEOPLE COME FIRST. IT'S BEEN THE LEGAL & GENERAL WAY FOR ALMOST 200 YEARS.

Our purpose is to build new homes that enhance the lives of our customers whilst contributing positively to the local community.

Legal & General began in a coffee house in London's Chancery Lane back in 1836. Almost 200 years later, and Legal & General Homes are creating the beginnings of a new community among the lanes of Berkshire. A natural evolution and fit for its multi-tenure housing investment strategy, Legal & General has been involved in supply side housing activities for nearly 20 years.

Legal & General Homes is about far more than building homes, it is about creating new, sustainable communities, inspired by their surroundings. We are committed to building places that we and those who live in them - as well as the house-building industry - can justifiably be proud of.

Committed to the future Legal & General will invest around £15 billion in direct investments, with £12 billion already invested in areas such as homes, urban regeneration, clean energy and small business finance, driving economic growth and making a positive difference to the UK's built environment.

As a company, we have never stopped moving forward, but our position of being a byword for reliability, integrity and trust, is one we will never move from.
